HISTORIC PARTNERSHIP BETWEEN CIRQUE ÉLOIZE AND DESJARDINS

Montreal, Wednesday, September 20 – For the first time in its nearly 25 years of history, Cirque Éloize has partnered with a flagship of the Quebec economy: Desjardins. In addition to sharing common roots, it's based on such shared values as cooperation, flexibility and accessibility that the two companies decided to partner up. Plus, Desjardins becomes the partner-presenter of the Canadian tours of Cirque Éloize for the next three years.

As part of the partnership, Desjardins is delighted to offer its members exclusive benefits on the purchase of tickets (a 20% discount on all performances presented in Canada, subject to availability) as well as on reception hall rental for companies that would like to hold an event in the Cirque Éloize studios.
